Embedding the culture and systems of organizational resilience

Michelle Guthrie
2 Cannon House
Kennington, London
England

5/12/2016

We are pleased to acknowledge that you have passed the ISO 22301 Lead Auditor Exam conducted at Continuity Shop on April 7th.

It gives us great pleasure to therefore send you the ISO 22301 Lead Auditor Certificate which grants you the status of a qualified Business Continuity Management System Auditor and allows you also to add the distinct title of 'ISO 22301 Lead Auditor' behind your name on your business cards.

The certificate has a unique BCMS-ID number. This is your unique registration number and serves as your identification as a qualified professional.

ISO 22301 Auditor ID No: 671579257174

Your status as an ISO 22301 Lead Auditor does not expire. Requests for Auditor status of non-registered owners will only receive the name on the Certificate and the date of which it was awarded. This has been done to allow parties to verify the status of your Certificate without disclosing your personal details.

Please feel free to contact us should you have any questions.

Again, congratulations on achieving this distinct level of qualification.

Yours truly,

Lynnda M. Nelson
President, ICOR

The International Consortium for Organizational Resilience

ACKNOWLEDGES THAT

Michelle Guthrie

is duly named as a

ISO 22301 Lead Auditor

Awarded this 12th day of May 2016

CERTIFICATE #671579257174

Lynnda M. Nelson
